## Introduction

For the season of 1930, I am again presenting a selection of gladiolus varieties which I believe to be one of the most complete lists of select varieties to be found anywhere. This year, some one hundred and fifty new names are greeting you in this catalogue, every one, anxious and worthy to make your acquaintance.

Repeat orders from satisfied customers, year after year, are my best testimonials. There is no place here to publish testimonial letters. On demand, I will cheerfully send extracts with name and address from the many testimonials I have on file. The result of: **SERVICE AND SATISFACTION.**

## Terms

All prices quoted in this catalogue are guaranteed against drop in prices.

All orders over \$1.00 shipped post paid anywhere in the U. S. A.

All orders over \$5.00 shipped postpaid in the Postal Union.

Cash, money order, draft or personal check with orders below \$5.00.

25% with order, balance before shipment accepted with orders above \$5.00.

## Stock Discount

For orders sent with full cash remittance, you may add to your order free, your own selection of bulbs at the following rate:

5% of the amount of the order for orders of \$2.00 to \$5.00.

10% on orders from \$5.00 to \$20.00.

15% on orders from \$20.00 to \$50.00.

20% on orders above \$50.00.

Worth while EXTRAS included in every shipment.

All stock guaranteed true to name and free from disease. In case of error or mistakes (we all make some) money shall be refunded without question, or stock replaced, including natural increase, at the customer's choice.

Many varieties, especially the newer and rare sorts, are in great demand and I advise to place your orders EARLY, to avoid disappointments. I do not substitute unless advised to do so.

## Sizes

L. stands for large bulbs, size  $1\frac{1}{4}$  inch or more. M. stands for medium size bulbs, size  $\frac{3}{4}$  inch to  $1\frac{1}{4}$  inch. S. stands for small bulbs, size under  $\frac{3}{4}$  inch. Large and medium bulbs are guaranteed to bloom the first season. Most of the small bulbs will bloom if planted early and given good care.

The sign (2) after S. means that two small bulbs are sold for the price quoted for one M. bulb.

12 bulbs or bulblets sold for ten times the price of one.

Six at dozen rate.

Number of bulblets quoted may be split at the quoted rate, but no bulblet item for less than ten cents.

Prices on larger quantities as per wholesale list, or a matter of correspondence.

## Special Sets and Collections

I solicit your inquiries for prices on special sets or collections of own choosing. Correspondence promptly answered.

## **Shipments**

Shipments scheduled from March 15 to May 15, at customer's order. All shipments neatly and securely packed, travel at my risk. Earlier shipments upon request at customers's risk.

All stock in this catalogue, subject to prior sale or loss by destruction.

## **Varieties Not Listed**

This catalogue lists only about one half of the varieties that I am growing. If you do not find what you want, write me, I probably can supply you at the best possible terms.

## **Prices**

All the varieties described in this book are listed in the PRICE LIST sent you with this catalogue, in large, medium and small size bulbs and bulblets, in the same alphabetical order under the respective headings of Domestic and Imported varieties.

## **Foreword**

The following price list is divided into two main sections, the first section listing the American varieties. The second section listing the imported varieties from the foremost originators of England, France, Germany, Holland, Australia and New Zealand.
